NOTE: Parents will be notified of additional Preschool Program Policies and Regulations.

Welcome to you all!

The Brooks Preschool began as a result of the interest and concern of a group of parents. A committee of parents now forms the executive, and meets every month. A list of their names and telephone numbers will be sent home with you in the first newsletter. Please insert the list in this handbook.

This handbook is designed to answer some questions you may have regarding the Brooks Preschool. A parent and child orientation is given in September or throughout the year when your child is registered.

Parents and community members are welcome to observe at the Program, but are requested to first check in with the Teacher.

**ALL PARENTS ARE REQUESTED TO
READ THIS HANDBOOK BEFORE

MISSION STATEMENT

The Brooks Preschool provides a quality play-based educational experience for early childhood learners in our community.

PHILOSOPHY

We believe children learn best through meaningful play. Play is the medium of basic learning in the early years and is the foundation for continued learning. Our play-based child centered program reflects the integration of literacy and language development, numeracy, discovery, social and emotional relationships; music, drama, art and physical fitness areas for the total development of the child.

An essential part of the preschool is that all families become actively involved in the operation and evaluation of the preschool through their participation. This includes assisting the qualified teacher in the class on a regular basis, or serving on the Board of Directors.

We believe the primary function of a good preschool is to help each child achieve and enjoy the fullest development possible for them. An experience in preschool will serve as a readiness bridge to school.

OUR STAFF

- Licensed and Qualified early childhood educators with certification as a Child Development Worker as granted by Alberta Child and Youth Services.
- 2012 and 2013 Finalist for the Alberta Child Care Professional Awards of Excellence.
- Trained in the Get Set for School Program - Handwriting Without Tears
- ASQ-3 and ASQ SE Ages and Stages Developmental Screening available to your preschool child on request
- Using the Triple P method of: Positive Parenting Program
- Our goal is to support high quality programming for all children. We do this by creating a comfortable, safe and stimulating classroom environment which will encourage young children's individual learning and development in all aspects of our program.
- Teachers continually stay current of new developments in the Early Childhood Education field by attending Early Learning and Child Care Conferences, Preschool Conventions, as well as workshops and seminars throughout the year.
- To ensure the safety of your child, Teachers and Assistants are requested to submit a Criminal Record Check and Child Social Services Check. Each teacher also possesses a valid and current First Aid Certificate.

SUPERVISION POLICY AND PRACTICES

Each class employs one teacher and may have one teacher's aide. In addition, one or two parents are required at each session. Special needs aids may also be present in the classroom.

The Brooks Preschool primary staff has a duty of care to provide adequate supervision of all children in attendance at all times, both indoors and outdoors. Staff will actively participate in or guide children in activities, while being attentive, alert and watchful of each child, as well as engaging with the entire group of children. Supervision will be adjusted to the specifics of the environment and the individual development needs of the children.

Parents will be informed of the program's supervision policies and practices during orientation.

PARENT HELPER DAYS

This is probably your child's first experience at school, and it is a good time for you to become involved with your child and the school. You are to come in for your Helper Day and will be able to enjoy spending some time with your child. It gives you the opportunity to observe your child at play and a chance to get to know the teachers. Single Class-Approx. 4 times throughout school year, Double Class-Approx. 6-8 times throughout school year. **Should the parent be unable to attend, the Preschool welcomes alternates such as grandparents, aunts, uncles, etc.** Children are very proud to have their parent/alternate attend school. It gives them a little special one on one experience. **On this day your child brings something for show and tell.**

It is required that that one or two parent helpers attend each class and that younger siblings of children NOT be brought with you when it is your turn to help. This includes field trips of any kind.

Our front door is locked during school hours to keep our children safe. Please ring the doorbell if you need entrance.

The staff must not deny or threaten to deny any basic necessity and must not use or permit the use of any form of physical restraint, confinement or isolation. Any child disciplinary action taken is reasonable in the circumstances. We believe that children should not be humiliated in front of their peers. Should a child be disruptive to the other children, he or she will be set aside from the others and supervised by a staff in eye view, until the problem is resolved. Should the problem persist, the parents will be contacted and it will be discussed with them if further measures are necessary.

The discipline policy will be discussed with parents at orientation. Staff will review the discipline policy during the September staff meeting and it will be introduced to the children during the first regular class.

ROUTINE OUTINGS

Children will have the opportunity to take part in Routine and Special occasion outings. These activities are such as walks around the neighborhood or spring and fall visits to community parks. If you have any physical or Medical concerns that might interfere with his/her participation in the activity then please notify Brooks Preschool. Permission slips must be signed.

FIELD TRIPS

Permission slips for Field Trips/Off Site Activities outside of routine outings must be issued to the parents two weeks prior to the date of the Field Trip, including the transportation and supervision arrangements with respect to the activity. Parents must consent in writing for their child's participation in the field trip/off site activity.

CLOTHING

Parents are asked to mark all outdoor clothing and footwear with your child's name or symbol which is recognizable to the child, as the children are encouraged to dress themselves as much as possible. Please **DO NOT** dress your child in their "Sunday best" because paints are used extensively in the Preschool and they sometimes stain clothing.

MEDICATION (must not be left in child's backpack)

In the case of a chronic health condition, medication or health care in the nature of first aid practice will only be given (by The Brooks Preschool), in emergency life threatening circumstances and upon the written request of a physician and written consent of the parent has been obtained.

Medical Record must be completed and a letter from the child's doctor on the health care practice, instruction, specific time period, the time the practice is to be administered and any restrictions, plus any other important information must be received by the Preschool. Medication must be in its original labeled container, with name of medication, and be administered according to label directions and then recorded on the Medical record form.

HEALTH CARE

In case of an accident/incident or serious illness to a child, the classroom teacher in charge shall ensure: The parent/guardian will be contacted immediately the same day, by telephone as well as in writing of the accident/incident when the child is picked up. The written consent of the child's parent to provide or allow for the provision of health care has been obtained. The child's parent must give consent for Brooks Preschool Teachers and Teacher Assistants certified in first aid known as the health care provider, to administer health care to my child in the nature of First Aid, as required on assessment.

When a child becomes sick, a primary staff member will directly supervise the child and keep them comfortable and away from the other children until they can be picked up.

It is also your benefit and for the protection of your child that he or she has their immunizations up to date but it is not required to be enrolled in the Preschool. Please check with the public health nurse to determine the vaccinations your child should have. If your child contracts a communicable disease, please advise the school and keep the child at home.

The school adheres to the regulations of the Department of Health and Fire Department. They ensure that we have the proper ventilation, heating and space for a healthy environment for the children.

POTENTIAL HEALTH RISK

Is when a staff member knows or has reason to believe that a child is showing signs or symptoms of

vomiting, having a fever, diarrhea or a new or unexplained rash or cough. If a child requires greater care and attention than can be provided without compromising the care of the other children in the program, or having or displaying any other illness or symptom the staff member knows or believes may indicate that the child poses a health risk to persons on the program premises. The child's parent will be contacted to remove the child from the school immediately. The child may return back to Preschool if parent provides written notice from a physician or when a parent can report to the staff that the child has been symptom-free for a period of 24 hours and no longer poses a health risk to persons at the preschool. Outbreaks will be recorded on an Illness Incident Log Sheet by the staff and will be reported to the local Alberta Health Services public health office.

FIRE REGULATIONS

Monthly Fire Drills are practiced. Regulations require that footwear be worn at all times. Please send shoes or hard soled slippers with your child.
